Note re Names Mentioned in Wills

We have included any and all names included within the text of these wills, regardless of context. Therefore not all the names mentioned are beneficiaries of a will, ie. some may be landlords, tenants or neighbours, mentioned in order to identify a property or boundary.

If a beneficiary has the same name as the testator or testatrix, then the name is not listed under 'Names Mentioned' except where there is a different spelling.

Note re names of Witnesses

Where possible, we have transcribed names in full, even though they may abbreviated in the original document, ie. Thos., Wm., Geo., become Thomas, William, George, to simplify searching for names
